

Brooklyn Tea Cigs

CONSUMER PRODUCT · HERBAL GOODS

ACTIVE

The ritual, without the tobacco.

THE BUSINESS

Brooklyn Tea Cigs makes herbal tea cigarettes — a 100% tobacco-free, nicotine-free alternative built around blended teas and botanicals. It keeps the ritual and the hand-feel of a cigarette while replacing what's inside with ingredients you can actually read. Every batch is rolled in small runs in Brooklyn by a three-person founding team.

WHY IT WINS

Tobacco & nicotine free

Blended tea and botanical fills — nothing addictive, nothing synthetic, supplier COAs on file for every ingredient.

Small-batch, made in Brooklyn

Weekly production runs keep product fresh and quality tight, with packaging designed in-house.

Built for retail & DTC

Trademark registered, Shopify storefront live, and packaging dielines print-ready for wholesale shelves.
