

Two-tone Rolex, set your way.

THE BUSINESS

Brooklyn Vintage Watches pairs curated two-tone vintage Rolex — Datejust-first — with lab-grown diamond customization through an online configurator. Pick the reference, pick the dial, choose your stone setting, and see the finished piece before committing. Vintage character, modern stones, transparent pricing.

WHY IT WINS

Curated vintage inventory

Hand-selected two-tone Rolex references, photographed in-house and verified before listing.

Lab diamond configurator

Customize bezels and dials with lab-grown diamonds — the look of high jewelry at a fraction of mined-stone cost.

See it before you buy it

The online configurator renders your exact build, so there are no surprises at the unboxing.
