

Organic meals. Glass containers. Zero plastic.

THE BUSINESS

Clean Plate NYC delivers organic, chef-prepared meals across New York City in returnable glass containers — no single-use plastic anywhere in the loop. Meals are prepped fresh every Sunday and routed for delivery the same day; empty containers are collected on the next drop-off, washed, and reused.

WHY IT WINS

Certified-organic sourcing

Menus are built around organic produce and clean proteins, prepared in a DOH-permitted kitchen.

Closed-loop glass packaging

Every meal ships in glass, gets picked up, sanitized, and reused — the packaging never becomes trash.

Weekly rhythm

One weekly prep-and-delivery cycle keeps food fresh, routes efficient, and the subscription dead simple.

AT A GLANCE

SERVICE AREA

New York City

MODEL

Weekly subscription, chef-prepared

PACKAGING

Returnable glass — zero single-use plastic

COMPLIANCE

NYC DOH food handling permit
