

Content that grows wellness brands.

THE BUSINESS

Green Shoots Studio is a content production shop built for wellness brands — studios, supplements, food, and mindful consumer products. We handle the full pipeline from concept to cut: short-form reels, brand films, and always-on social content, delivered on retainer so brands never run dry.

WHY IT WINS

Wellness-native storytelling

We work exclusively in wellness, so the tone, pacing, and aesthetics are right on the first cut.

Short-form first

Reels and vertical video built for how wellness audiences actually discover brands today.

Retainer model

Quarterly retainers with a steady delivery calendar — predictable output, predictable cost.

AT A GLANCE
